

## STEP 1

Click on SYSTEM CONFIGURATION

## STEP 2

Select Ship, Category, Class, Command, Department. Click on Add New equipment to Create new equipment

A screenshot of a web application interface for adding new equipment. The interface has a dark blue sidebar on the left with icons for home, settings, and a list. The main content area has a top navigation bar with tabs: 'Equipment Structuring' (active), 'Redundancy & Parallel Information', 'Maintenance Information', 'Failure Mode', 'Duty Cycle', and 'Additional Equipment Info'. Below the tabs, there is a form with several fields: 'Ship Name' (a dropdown menu with 'INS CHENNAI', 'INS KOCHI', 'INS KOLKATA', 'SHIP 1', and 'SHIP 2' options; 'SHIP 1' is highlighted with an orange border), 'Ship Category', 'Ship Class', 'Command', 'Equipment Name', and 'Nomenclature'. There are 'SAVE', 'LOAD SYSTEM', and 'NEXT STAGE' buttons. Below this, there is a section with two radio buttons: 'Add New Equipment' (selected) and 'Add Children Components'. At the bottom, there are three input fields: 'Equipment Name', 'CMMS ID', and 'Nomenclature', each with an information icon. There are 'CLEAR' and 'CREATE' buttons at the bottom right.
